Mosaic

Dunreeb Mosaic is a plugin for creating three-dimensional optional textured mosaics, which supports the following features:

- Many different forms of mosaics can be generated.
- The number of edges, height, distances, dimensions etc. are adjustable.
- Crease, rotate, separate can be controlled.
- Special algorithms help to avoid spike or small parts when needed.
- Textures can be used as a color source or directly.
- Colors and textures can be mixed
- The mapping can be set and applied to the entire mosaic or its components.
- Materials are appropriately generated, the number can be automatically limited.
- Free and detailed instructions will be published soon.
- A large amount of presets is included to demonstrate the features. Build on this to develop your own ideas.
- undo capable
- plugin for cinema 4d, maya coming soon
- for Windows
